

## When it comes to seafood, reliability is everything.

Located in Hong Kong, Superocean Trading Limited ('Superocean') is perfectly positioned to look after the needs of our clients who want a constant supply of quality seafood.

What sets Superocean apart from others in the industry is our unique business model.

We represent major Russian far east fisheries and source exclusively and directly from them.

Unlike most seafood resellers, where you would have an additional premium to the producer's selling price,

Superocean acts as a distributor for our fisheries so you don't have to consider additional middlemen costs, thereby improving your sourcing bottom line.

## Why our seafood is fresher

With the case of salmon catch and processing, our suppliers can ensure the freshness of the catch from the waters to the processing line within a record time of up to 40 minutes! Coupled with top-of-the-range processing lines from Japan, you can be certain that your 'seafood can't get fresher than this.'

A promise that other competitors can hardly guarantee because they are either located further from the catching areas - requiring longer durations to transport the fish to the processing facility, or rely on third party processing, freezing and storage.

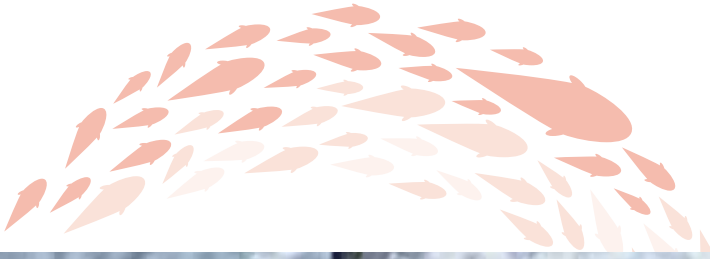

Our suppliers do not rely on third party facilities, so you can be assured of our promise of traceability, reliability and quality.

Making Waves

## 说到海产， 「可靠性」是关键。

领涛 — 奠基于香港，  
尽收地利之优，能完全满足亚洲  
以至世界各地客户对高品质海产的需求，  
并保证供应稳定可靠。

独一无二的经营模式，  
使我们在业内一枝独秀。  
作为俄罗斯远东主要渔业之指定销售代表，  
领涛直接从主要源头获取新鲜供应。  
相对于目前大部份海产分销商，  
售价远高于生产商的价格，  
领涛作为生产商的指定代理，  
标值着作为客户的你，  
能省却额外的中介人费用，利润自然更可观。

## 何以领涛的海产特别新鲜？

以捕捞和加工三文鱼为例，每个领涛的供货商都能确保整个捕捞  
以至送达加工生产过程维持在不超过40分钟的极速纪录！  
配合最顶尖的日本品牌冷冻设施，可以确定，  
您取自领涛的海产，新鲜程度绝对无与伦比。

我们的承诺，亦绝非其它竞争对手能及，因为，  
他们都面对着各种各样的掣肘，不是远离海产源头，  
须另花时间进行海产包装和冷冻，就是要依赖第三方提供加工生产、  
冷冻和贮存设备，大大拖延了海产运输时间。

反观我们的供货商，由捕捞到贮存渔获，  
完全不涉及第三方参与，毫无疑问，  
定能履行我们对您的「可追溯」、「可靠」和「高质量」承诺。
